## Observations... From Around Town

(BY JAY WHOZIT)

In a press dispatch from Washington, this week, Representative William M. Colmer suggests to Hancock County authorities that they take steps to get the State Highway Department designate the Beach Road of Bay St. Louis an alternate to U. S. Highway 90, thereby making it eligible for Federal Aid for its rebuilding. . . also having the Beach Road designated as a federal road alternate would be helpful in having the Hancock County sealwall placed under the beach erosion plan. . . our State Senator Cornelius J. Ladner this week introduced a bill in the Mississippi Legislature providing for the payment of a cash bonus to residents of the State of Mississippi who served in the armed forces during the Spanish-American War, and World Wars I and II, ranging in amounts from \$100 upward to \$400. . . our hats are off to Doc Jim Evans for a job well done. . . Doc retired from the City School Board of Trustees effective January 1st, after having served for twenty years, most of that time as its president; this is worthy of note because serving as a member of a school board is really a thankless job and one that draws no pay. . . Chas. A. Breath, Jr. was appointed to succeed Dr. Evans. . . we've heard very little about the Carnival Ball, which takes place next Friday evening, February 6th at St. Joseph Academy Gym, and we are wondering if there can be any truth in the rumor that a certain well-known young dry goods merchant will wear the crown that will make him king for a night, well we have only a week to wait to find out. . . Governor Fielding L. Wright, by official proclamation, this week, extended tax-paying time in Hancock County sixty days to April first, thereby giving all a chance to get their taxes paid without penalty. . . if you are interested in seeing the newest and latest 1948 Chevrolet, then visit the show rooms of the local Gulf Chevrolet Company on Friday of this week, as Al Voight announces that he will have these beautiful new cars on display. . . Old Man Winter has certainly been an unwelcome pest around here these past ten days or so, with the temperature dropping as low as 15 and 18 degrees in some outlying sections and ice forming all along the water front, a sight unusual for this section. . . be sure to be on hand for the book review at the Episcopal Parish School on February 4th, at 3 p. m. when Mr. Harnett Kane will review his latest book "Natchez on the Mississippi". . . another automobile was stolen from a man's home one night last week, and a grocery store was robbed. . . getting to be an every day affair. . . a bill was introduced in the Legislature this week which would return one eighth of the state sales tax revenue to the county boards of supervisors. . . this would be a great help to the taxpayers of the various counties. . . the new scale of prices announced in Biloxi this week by the Gulf Coast Shrimpers and Oystermen Association for shrimp ranging from \$30.00 a barrel for small shrimp to \$60.00 a barrel for large shrimp, with the factories furnishing the necessary ice, some prices the old saying that "it won't be long now" doesn't apply in Louisiana after last week's primary election. . . Just a long range prediction—Louisiana's Governor 4 years hence will be Judge Bob Kennon.

## Governor Extends Time For Payment Of Advalorem Taxes

Proclamation Issued at Request of Sheriff—Time For  
Payment Poll Taxes Not Extended—Must Be Paid  
Before January 31st This Year

Governor Fielding L. Wright has granted to the Tax Payers of Hancock County an extension of time to pay their advalorem taxes. This extension was granted at the request of Sheriff and Tax Collector Burton D. Johnson, who made application to the Governor, stating that for several reasons he had been delayed in collecting taxes, mainly because of the unusual conditions caused by the recent hurricane, and that the delay was neither the fault of the tax payer nor of the Tax Collector, and that neither was negligent or responsible for the delay incident thereto. He gave as a further reason that he had an entirely new office force and that they had been unable to take care of the situation.

Under Chapter 204 of the Laws of 1944, the Governor has the power, to issue a proclamation extending the time for the final payment of taxes without damages or interest, and the Governor has issued this proclamation extending the time for the payment of advalorem taxes from February 1st to March 31st, 1948, without the payment of damages or interest.

This extension applies only to the payment of taxes on real and personal property and does not extend the time for the payment of poll taxes. Poll taxes must be paid on or before February 1st, each year. This year February 1st, falls on a Sunday, and it is imperative that poll taxes be paid on or before January 31st. This is on election year—you will elect the City Officials of Bay St. Louis, a United States Senator, a Congressman and a Judge of the Supreme Court.

Everyone should have an interest in these elections and you should see to it personally that your poll taxes are paid and that they are paid on or before January 31st, 1948.

## Major F. C. Price Assigned To Duty In Korea

Mrs. F. C. Price, the former Miss Helene Coward has returned from California, to which point she accompanied her husband, Major F. C. Price, who has accepted an appointment in the United States Army at his former rank, and who is now on his way to Korea for a tour of duty.

Major Price, following his discharge from the service with the Veterans Administration at Clarksdale, Miss.

Mrs. Price will remain in Bay St. Louis with her parents Mr. and Mrs. Jesse Coward for about six months and will then join her husband in Korea.

## Committee Assignments To Senator Ladner

Senator Cornelius Ladner has been assigned to membership on the following committees in the State Senate: Constitution, Military Affairs, Oyster Industry, Pensions, Temperance, Transportation, and Unfinished Business.

He is Vice Chairman of the Oyster Industry and Pensions Committees, and is Chairman of the Unfinished Business Committee.

## Herman Poillion and Lyndall Heitzmann Elected King and Queen Of Carnival Celebration

The election of Herman Poillion and Lyndall Heitzmann as king and queen to reign over the P. T. A. Mardi Gras parade and Carnival, February 10th took place at Bay High School last Friday under the direction of Mrs. Ellis Guillory and Mr. T. T. Broadus, 8th grade sponsors.

Betty Lou Ellis was elected captain of the Krewe and Maids to the Queen are Betty Osburn, June Beath, Mary Ellen Favre and Patsy Poyadou.

The dukes are Vernon Parker, Robert Coleman, Howard McCurdy and Alvah Crutchfield.

This Carnival day, sponsored by the P. T. A. of the Bay St. Louis City Schools, is being planned for the children of the town and county and it is hoped that this will be a forerunner of the revival of the Carnival spirit in Bay St. Louis. The P. T. A. is making an all-out effort to make this event a success and many

business men are helping the ladies but many more are needed to help put it over.

People are urged to mask from 10 a. m. to 6 p. m. and to take part in the all day festivities. The parade will begin at 2 p. m. at the high school and end at the City Hall. The City Hall play ground will be open all day and adequate protection and supervision will be provided for the smaller children taking part.

The grade mother and teachers of the schools are hard at work, but plans for their floats and themes are a carefully guarded secret.

Cash awards for the best float by a business or civic organization, school, class room, horseman, and bicyclist will be made. In addition to these awards, the best maskers will receive cash prizes.

On the City Hall grounds there will be dancing, refreshments, novelty presentation of the Court, and music by Bay High Band.

## WILMER'S GROCERY AND MARKET ENTERED BY THIEVES MONDAY NIGHT

Thieves entered Wilmer's Grocery and Market last Monday night. They forced their way into the building by prying the lock off of the front door. Apparently the four men were small time operators as they carried off only 16 packs of cigarettes, some cakes and pies and about \$6.00 in cash, which was in the drawer of the cash register. In a small compartment of the cash register there was approximately \$50.00 in silver dimes and the robbers did not attempt to take these.

Sheriff Johnson, when notified of the robbery on Tuesday morning, notified the New Orleans Police and that afternoon he received a call that they had picked up William Clark of Ohio and Andrew Raydak of Tenn. The men picked up by New Orleans police had cigarettes with Mississippi stamps on the pack. The Sheriff brought the men back Tuesday evening and they confessed their part in the robbery and stated they had gotten off of a freight train here Monday and that there were two more implicated in the robbery.

Wednesday morning the Sheriff was advised that New Orleans detectives had Arthur and Andy Connors of Quincy, Illinois, in custody as participants in the robbery, and these men were brought to Bay St. Louis on Wednesday afternoon.

Mr. Thiabaux, owner of Wilmer's Grocery and Market, stated that the men in custody were seen in the locality of his store on Monday evening, prior to the robbery.

## Chevrolet Coach Stolen From J. S. Blanchard

Car thieves seem to be working overtime in Bay St. Louis here of late, and there seems to be no let up. On Monday night a 1941 Chevrolet Coach was stolen from J. S. Blanchard.

The car was parked in Mr. Blanchard's drive way, immediately adjoining his home on Second Street, and on Tuesday morning he found his car gone.

The robbery occurred some time after 11 p. m. as Mr. Blanchard came home and parked his car at that time.

## INTERNATIONAL PAPER COMPANY TO DEMONSTRATE TREE PLANTING

The International Paper Company recent purchasers of the Alexander Lands on Mulatto Bayou will have a demonstration of tree planting on this property next Tuesday.

It is planned to plant 114,000 seedlings on this property this year. The planting will be done with a Lowther tree planting machine and should prove very interesting to the people of Hancock County who are interested in Forestry.

All land owners and interested persons are invited to view the demonstration.

Luncheon will be served on the grounds by the Paper Company to the visitors at noon, at the old Baldwin Lodge on Mulatto Bayou.

## Hearing on Telephone Rates Set For February 3rd. at Jackson

The Mississippi Public Service Commission has before it an application of the Southern Bell Telephone and Telegraph Company for an adjustment of the general schedules of rates and charges for interstate services.

On November 6th., 1947, the commission on motion of certain protestants, deferred until the regular February meeting of the commission, the further hearing of said application.

The commission has now issued notice that the hearing of the application of the Southern Bell Telephone and Telegraph Company will be heard on Tuesday, February 3rd., 1948 at the office of the Public Service Commission, when and where all persons who are interested in this application may appear and be heard.

## W. B. A. Meeting

The regular monthly business W. B. A. meeting will be held at the home of Mrs. Dora Kenmar in Union Street, Monday, February 2, at 8 p. m.

Following the meeting a Carnival celebration will take place and members are asked to come in costumes, as there will be a prize for the most comical and the prettiest. The celebration is for members only.

## Colmer Suggests Placing Beach Road On Highway System

Suggestion Follows Discussion With General Fleming—  
Federal Works Administrator—If Declared Alternate  
To Highway 90—Federal Aid Possible

Congressman Bill Colmer in acknowledging the letter of Mr. A. C. Mitchell clerk of the Board of Supervisors of Hancock County, forwarding to him the copy of the resolution of the Board of Supervisors, seeking further relief for Hancock County from Federal sources, stated that after a full discussion of the matter with General Fleming, Federal Works Administrator, it was suggested that the Beach Road should be designated as an alternate road to Highway 90, and that this would place the beach highway in a position to receive Federal Funds for rebuilding. Mr. Colmer's letter to Mr. Mitchell follows:

January 17, 1948  
Mr. A. C. Mitchell, Clerk  
Board of Supervisors  
Bay St. Louis, Mississippi  
My Dear Mr. Mitchell:

This will acknowledge receipt of the courteous letter which you wrote me January 8th, transmitting a copy of the resolutions passed by the Board of Supervisors of Hancock County seeking further relief for your county which suffered such disastrous effects from the September 1947 storm.

As you are aware, I have been very much interested in the problems of your county as the result of this storm, and have endeavored to cooperate in every way possible. However, upon my return here from the holidays, and in response to the resolutions of your Board, as well as conversations with members of the Board and other officials down there, I have again contacted General Fleming whom we succeeded in having the President to send down to the Coast just after the Hurricane.

General Fleming advises me that they have no further funds, nor they have authorized to spend any further funds down there at this time. After a full discussion of the matter it has been suggested that your board have the State Highway Department to designate the beach highway as an alternate to Federal

Highway 90 so that this would place the beach highway in a position to receive Federal Aid for its rebuilding. Mr. Fields, General Fleming's Assistant thinks that Mr. MacDonald, the Federal Commissioner, would go along on this. While this would not rebuild your seawall it would give you aid on the highway, and I believe would be helpful in having you to come under the beach erosion plan which Harrison is now availing itself of. Mr. Fields further suggested that if you could not get the State Highway and Federal Road Commissioner to go along on this plan you ought at least have the State Department to designate this beach highway as a part of the State Highway system. By this you would be enabled to receive some flood control benefits from the Federal Government.

The only other suggestion of help that I have been able to find is that I am working with General Fleming through Mr. Fields in trying to get some relief along the line of the bill which I introduced at the Special Session, but Mr. Fields thinks that unless we can get Representatives of the other disaster areas such as Vermont, Missouri, and Florida interested that we would not have much chance. I shall continue to work on this.

I am sending copies of this letter to the members of the Board of Supervisors, together with other interested parties who have taken the matter up with me.

Assuring you of my desire to be of all possible service in this matter, I am

Sincerely yours,

Bill Colmer.

On Wednesday, January 21st., the members of the Hancock County Rehabilitation Committee met with Coast Legislators and discussed and had drawn the necessary bill to place the Beach Road on the secondary highway system and declared an alternate to Highway 90. This legislation will be introduced shortly.

## HORLOCK AND CUE HAVE WINNER IN PEACEMAKER

Own Patriot, Son of Blenheim—First of Home Bred  
Colts Raced This Year

Smiles have enveloped the faces of John D. Horlock and Emilio Cue these last few weeks. Of course you must agree that it is a pleasing sensation to be the owner of a winning race horse, like Peacemaker, particularly when the nag gets down to the wire with a price of \$47.00 on his nose, and then comes back a little later with a handsome price when he runs second and again with a nice price and wins.

They say it is the "Sport of Kings." These boys have gone into the racing game, principally from the breeding angle. They own Patriot, a seven year stallion out of Blenheim. This horse is a half brother of the great Whirlaway. They also own two brood mares, Peacherino and Rangle.

Coming to the races for the first time this year, is their colt out of Peacherino by Patriot, named Flying Q. This youngster made his debut at the Fair Grounds a few days ago. He did not win the race in which he entered, however he shows promise of developing into a fair colt.

The mares will drop foals this year. In their stable at the Fairgrounds are the two, Peacemaker and Flying Q. These horses are trained by H. C. Wolfe, Jr.

Their colors are yellow blouse with the word "Cue" on the back in black letters and a black cap.

## Fred Buffa of Ansley Died On Monday

Fred Buffa 80 years of age, died on Monday, January 26 at his home at Ansley. Mr. Buffa had been in failing health for the past three months but was partially active through this time.

He was a native of Paris, France, and had lived in the states for 55 years 45 of which were spent in Hancock County.

The funeral was held from the residence at 4 p. m. on Tuesday the Rev. H. Burkin Oliver conducting the religious services. Interment was in the Bayou Cadet Cemetery at Ansley.

Mr. Buffa did farming on a small scale and raised chickens, turkeys and sheep. He was a genial, happy type of a citizen and had many friends. He is survived by his wife who for a number of years has been postmistress at Ansley.

## Students of Southwestern Receive Unexpected Holidays

The students from Bay St. Louis attending Southwestern Louisiana Institute at Lafayette, La., received some unexpected holidays due to weather conditions in that section of Louisiana, and semester examinations were postponed. The examinations, however will be waiting for Bernard Farr, Donald and Menou Arceneaux, Jimmy Payard, Wallace Burns Dupre Lapoint, Joe Glover Frank Kiefer and Meryl Radford upon their return to Southwestern.

Mississippi Power Company today announced that new schedules of rates for residential and commercial electric service both urban and rural would go into effect with April 1948 billings. These new schedules will provide a general rate adjustment totalling approximately \$400,000 per year to more than 65,000 customers and will be applicable throughout the entire area served by the company in 23 Southeast Mississippi counties.

According to L. P. Sweatt, president of the Company, the tremendous growth in business in Southeast Mississippi has resulted in a corresponding increase in electric sales. Effective buying income within the state has increased 23% since 1939, more than any other state in the Union. During the same period annual kilowatt-hour sales of Mississippi Power Company have grown from 152,000,000 to 354,000,000 kilowatt-hours. Meanwhile, the company has been more fortunate than many others in completing large additions to its generating facilities with the installation of 2-30,000 HP units at plant Eaton, thus making it possible to supply the major part of its requirements at high efficiency, using natural gas as fuel. Construction of the third unit at this plant is scheduled to begin in April 1948.

"This voluntary reduction," said Mr. Sweatt, "is a continuation of the Company's long established policy of passing on to its customers the benefits of any operating economics. For example, the average rates per Kwh for residential electric service decreased from 13.6c in 1925 to 3.57c in 1947, or 74% and commercial rates declined from 9.38c to 2.89c, or 69%.

As everyone knows prices of practically all other products and services continue to advance. Since 1941 the Company's payroll has increased over 65% and, in 1947, exceeded \$1,350,000; while taxes now take 25% of each dollar's gross receipts and, in 1947, \$1,700,000 was required for this purpose.

"The growth in volume of energy use, favorable new financing at low interest rates, and the efficient operating results of Plant Eaton, have made it possible to absorb the increased cost of doing business without any adjustments, notwithstanding current high prices.

"However, further inflationary tendencies or a business recession," he said, "could adversely affect the Company's presently satisfactory position."

Mississippi Power Company has invested 8 1/2 million dollars in new construction through out its service area in the past five years and for the 3-year period 1948-49-50 has a projected construction program that will require expenditures in excess of 12 million dollars.

"The rate adjustment is being made with faith in the expanding economy of the area, to improve which the Company has always exerted every effort."

## S. J. A. Parents Club To Meet

The St. Joseph Academy Parents' Club meeting will be held Tuesday afternoon, February 3rd, in the Den at 3:15.

As this is the last meeting before the Carnival Ball, all members are urged to attend. Co-hostesses will be Mrs. A. C. Mitchell and Mrs. Edith Chevis.

## Little Theatre To Present "Arsenic And Old Lace"

Will Purchase Lot and Erect New Playhouse

A meeting of the new Little Theatre Board of Directors was held at the Reed Hotel on Tuesday, January 27th.

Plans for the 1948 season were discussed and are under way. The Little Theatre is to purchase a lot for the new playhouse, and also a prefabricated building, 30 by 60 feet, to be erected on the lot immediately. The building will serve as an auditorium for the new playhouse, and work is to start soon on the stage and dressing rooms.

At the meeting last Tuesday, several sub-committees were appointed to handle the work for the forthcoming season. The first play for 1948 will be "Arsenic and Old Lace," which will be presented on March 25th, 26th and 27th.

Will every member please send their membership checks to the new treasurer, Mr. David Mc Donald, as soon as possible. Also, new memberships are being solicited at the same annual fee of five dollars, and new members are requested to notify Mr. McDonald at their earliest convenience so that new memberships may be recorded and Season tickets issued for each new member. In order to maintain the good record and to progress even further for 1948, the Little Theatre needs your membership and your vote.

"The time for the try-outs for "Arsenic and Old Lace" will be announced later. Also watch for announcement of Little Theatre raffle to be held soon.

## 1948 Models Being Shown By Gulf Chevrolet Company

The new 1948 line of passenger cars and trucks "Newer, Smarter and Finer Than Ever" are on display in the show room of Gulf Chevrolet Company here.

The new line of passenger cars, in three series, the Fleetline, the Fleetmaster and the popular Stylemaster all in coupes, tudor, and four-door sedans, cabriolet and station wagon models are all included in the passenger car line.

New 1948 truck line in utility and commercial model ranging from one-half ton to two ton units with a

choice of bodies suitable for every need make up the new Chevrolet truck line.

"Both passenger car and truck models, with many improvements and refinements, for the year 1948 is the finest Chevrolet line ever offered in Hancock County," said Al Voight local dealer.

Many farmers would benefit by adding sheep to their farm program, in the opinion of Extension livestock experts.

## Jack Carter Packing 'Em In At Tropical Inn

Jack Carter, widely known comedian, musician, is back for his third engagement at the famous "Tropical Inn." Mr. Caffey, manager says, "he does a complete show all by himself with what seems to be an unlimited flow of gags and wise cracks, comedy songs and then does an about face by expertly rendering semi-classical selections."

Jack may be remembered as half the team of the original Jack and Gene radio comedies, before the war. They were a regular feature on N. B. C. network for the Olsen Rug sponsors. They made the movie "Two Nits with Wit" together, and Jack appeared in "Trip to Hawaii" with the late Wm. F. Aldrich's Imperial Hawaiians, in 1940.

One of the main highlights of his regular performance is doing your favorite painting in oils, right before your eyes—on a two foot by three feet canvas—in less than three minutes time. People interested in art could benefit by witnessing this act.

"We are being swamped most every night," says Mr. Caffey, "trying to furnish seats and tables for the growing crowds since Jack returned."

The patio is free to couples and club-members as always, but come early if you want a seat.

Tropical is now operating 24 hours daily.

## CHANGES MADE IN L & N SCHEDULES

Changes in L. & N. Railroad schedules, placing them back to approximately what they were before the gulf coast storm of last September, were announced today by R. A. Stanley, General Passenger Agent of that Company.

Effective February 1, the Azalean will leave New Orleans at 8:45 A. M. instead of 8:00 A. M., and The Humming Bird's departure will be at 11:20 A. M. instead of 11:10 A. M. The Pan-American will leave New Orleans at 8:50 P. M. instead of 8:25 P. M. The Crescent at 10:45 P. M. instead of 10:30 P. M. The Piedmont Limited will continue to depart at 5:00 P. M.

Changes will be made in the local commuter train schedules effective the same date. No. 9 will leave Ocean Springs at 6:05 A. M. instead of 5:50 A. M. and will arrive in New Orleans at 8:40 A. M., as now. No. 12 will leave New Orleans at 5:15 P. M. as now, and arrive in Ocean Springs at 7:50 P. M. instead of 8:05 P. M. No. 10 will leave New Orleans at 3:25 P. M. instead of 3:10 P. M. and arrive Mobile at 6:45 P. M. as now.

Effective the same date, arrivals of trains in New Orleans will be from 10 to 25 minutes earlier than present, Mr. Stanley said.

## Baptist Hour To Be Heard Over Station WDSU

Atlanta, January 8—"Why the Church" is the subject of "The Baptist Hour" for February 1st, to be heard over Station WDSU at 7:30 A. M. (7:30 A. M. CST) with Dr. C. C. Warren of Charlotte, N. C., as speaker. "Church, Youth and the Home" will be considered in February, under the general theme, "Divine Light For Daily Living," it was announced today by the Radio Commission of the Southern Baptist Convention, Atlanta, S. F. Lowe, Director. Dr. Warren, pastor of the First Baptist Church, Charlotte, will be heard the first two Sundays, while Professor Charles Wellborn, Waco, Texas, will speak the middle Sunday and Dr. Ted F. Adams, Richmond, Virginia, the last two.

A popular feature of each program of "The Baptist Hour" is a favorite hymn, determined by a poll among six and a half million Southern Baptists, and in which all interested listeners are invited to take part. The hymn ranking ninth in favor will be featured on the February 1st program.

—The people of Hancock County met every quota for the raising of funds for the war work and its kindred organizations—this is a record to be proud of. Let's establish another record for the County in 1948 by putting the drive over in one day.

We are glad to report that Sandra Ann Woodcock, little daughter of Mr. and Mrs. J. Woodcock is getting along nicely. Sandra was burned when a pot of hot water was accidentally tipped over.

The Red Cross Drive will begin March 1st. Would you help to make it a one day drive. If you will, write your check now, or set your money aside, at this time, and see that it reaches the Drive Headquarters not later than closing time on March 1st.

The quota has not been announced for the Red Cross Drive for 1948 as yet. It will not be less than last year. Some difficulty was encountered reaching the last quota. Won't you try to increase your contribution for this worthy cause—you have several weeks to work this out—but try and have it all ready for March 1st, so that the drive can be put over in one day.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous states of functional periodic distress. Taken like a tonic, it should stimulate appetite, increase vitality, and help build up the system for the "time" to come. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes. Try it!

## Governor Suggests Full-Time Board For Oil And Gas

Calling for a full-time oil and gas board, adequately financed and staffed, to administer a new conservation act for the "orderly development of the oil and gas industry in Mississippi," Governor Fielding L. Wright in his inaugural address called attention again to figures showing how rapidly this new industry has grown in the state.

He cited figures showing the state now has more than 1,000 oil wells, producing more than 100,000 barrels of oil a day, which at present prices will yield the state over \$5,000,000 in oil severance taxes; that 11,000,000 acres of land, or 37 per cent of the area of the state, is now leased for mineral development, bringing land owners rentals of \$3,000,000 per year; while in exploratory operations in 1947—not counting oil produced—companies large and small, spent in the state "in excess of \$50,000,000."

Geologists and engineers, he said, now estimate proven reserves of the state at more than 600,000,000 barrels of oil and three to four trillion cubic feet of natural gas, and that each new field discovery adds to these reserves.

From these statistics, he said, it is apparent that orderly development and proper conservation can "make of oil and gas our State's greatest continuing asset."

Pointing out that the only rules and regulations governing operations of the oil industry in the state have been formulated by the state oil and gas board, Governor Wright stressed that the board is composed of himself and other ex-officio members. "Each of us," he added, "has

all he can do to fulfill the Constitutional duties of his respective office." The same thing would be true if, as suggested in some quarters, other elected state officials served on this board, he said.

"Membership in a board which regulates an industry so important to the welfare of Mississippi and Mississippians is a full-time job," the Governor said, adding that, "I urged that you set up such a board adequately financed and staffed to competently execute its duties; it must have at its disposal competent engineers so it would not be dependent on the industry for information necessary for regulations formulated in the public interest."

Governor Wright said, however, that "I want it distinctly understood I am not advocating passage of any law that will permit the oil and gas board to pro rate production in this state on a market demand basis; I do advocate and strongly urge passage of a law that will allow every well in the state, gas or oil, to produce the maximum amount of gas or oil that can be produced without injury to the individual well or field."

"In my opinion," Governor Wright said in concluding his recommendations on gas and oil, "it would be sheer folly to continue to govern the activities of the oil and gas industry with inadequate and outboard laws and unstable rules and regulations; to assure the greatest benefits to the state, the land owners and the industry, I again advocate and strongly urge that you enact a sound and modern oil and gas conservation law."

## St. Joseph Academy Dramatic Club Has Fun Nite

Laughter floated throughout the S. J. A. Gym on last Monday night as members of the Dramatic Club greeted friends as they arrived to participate in an evening of fun which had been planned for all.

Fun nite is becoming traditional at S. J. A. and it is an event that will balance your laugh budget for years to come.

As a means of assuring fun to all, everyone present was given a tally featuring a football player with the name of the college to whose team he belonged. The receiver of that ticket automatically became a player on that special team.

During the evening various teams performed.

The Ole Miss team including Norma Collins, Kay Ford, Gay Gex, Virgil Dick, Jane Blair, Thelma Namais, Walter Cleveland, Ray Benvenuti, J. D. Abadie, Eddie Landry, were a team of competent actors and actresses who taught all present "How to Propose." The Cave woman Nanette Arceneaux, and the Cave man, Jerry Duckett by their "glub glub" gave a reproduction of a proposal when mankind was young.

Then came the age of chivalry and Romance. Here, "Knighthood was in Flower." Lady Cemintrude, portrayed by Gay Gex, had broken the hearts of many men because of her beauty. Sir Montm-menc, Walter Cleveland, has just returned from war—and such is his eagerness to see his lady that he hastens to her without changing his clothes.

The Nineteenth Century proposal took place in the parlor of Mr. Butts; Toris Le Brun. Present were his daughter Vera, Alice Bernard and Mr. Alfred McBean, John Piazza. From this proposal, it was evident

that things have not changed. Women remain the same.

Costume, drama, dancing and other things were also featured. The evening was a success and the girls took advantage of Leap Year and asked the boys to dance.

The whistle which announced the last dance was reluctantly blown by Norma Collins, chairman of Fun Nite. She was assisted by Thelma Namais, vice president of the Dramatic Club.

Dance, the Apple Dance and "I make up state."

The latter was particularly amusing because costumes were put on the boys by girls who did not display their usual talent out put it on hurriedly in order to win the race. So some painted faces turned out to look like perfect clowns.

The boys whose complexion came from the drug store included: Walter Cleveland, Anthony Carana, Shanky Montero, Clem Bontemps, Ray Gullotta, Mike Capone.

Bang! Boom! Bloey, There was an explosive new atomic bomb when the Program Dance numbers were called in. Get Acquainted Game." In this number the girls took advantage of Leap Year and asked the boys to dance.

## 3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employees, have refused to accept the offer of the Railroads of a wage increase of 15 1/2 cents an hour.

This is the same increase awarded 1,000,000 non-operating employees by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947. Agreements have been made with 1,175,000 employees, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

### Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employees in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroad board in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

### What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employees, stockholders, and the general public to know that through-out these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employees, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employees.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employees than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employees represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

### Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947 (also shown is what 1947 earnings would have been if the 15 1/2 cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947. ### COOPERATION WITH A SINGLE PURPOSE

Unfortunately we have some law violators in every business including those scattered few beer dealers who fail to live up to their public responsibility. But even more unfortunate are the hasty, unsound methods employed by some people in attempting to weed out these violators.

Right now I'm thinking about Jones County where the people have voted out the legal sale of beer. The bootleggers are operating on a grand scale. The result, I'm sure, isn't what the people had hoped for.

Similar conditions have existed in other counties where, in place of taking an impractical course of action, the people co-

operated with the Mississippi Committee, U. S. Brewers Foundation, and law-enforcement officers in closing down the few beer retailers who violated the law and who failed to comply with the high standards advocated by the brewing industry.

From where I sit, it looks like we should cooperate with a single purpose and employ a sound, practical plan that works for the public good. Eight years' experience proves that the brewing industry's "self-regulation" program, with public cooperation, is the best plan to use.

### HOW MISSISSIPPI INDUSTRIES PUT NATURE'S RESOURCES TO USE FOR THE BENEFIT OF MANKIND

Milking TIME . . .

Every industry in Mississippi depends on the use of natural resources, in one way or another, for its existence. Good examples are the livestock and dairying industries of our state, in which God-created animals convert grass and grain into meat and milk for people who need them. And at the same time, the industry brings important incomes to thousands of Mississippi people.

Natural resources are of little value until they are put to use for the benefit of mankind. Natural gas, for example, must be gathered, processed and moved to places where it can be used before it gains value. Otherwise this important resource would be worthless or wasted. This is practical conservation of natural gas, for it stimulates industrial development, creates jobs and benefits all the families in Mississippi.

### LIVESTOCK AND DAIRYING

Mississippi farmers had a cash income from their expanding livestock and dairying operations in 1945 of more than \$58,600,000. Still they kept on hand some 66 million dollars worth of cattle, over 15 million dollars worth of hogs and 600,000 cows and heifers, worth nearly 32 million dollars, for milk. This is an important factor in the economy of our state, and a splendid example of Free Enterprise at work.

NATURAL GAS serves more... costs less than ever before.

## OUR MISSISSIPPI INCOME TAX LAW

## Historical-Administration

Mississippi has had a net income tax law since March 16, 1912. Almost thirty-six years have passed, but there are many persons liable to pay income tax to the State of Mississippi who are not acquainted with the fact that there is such a law, and who are wholly unacquainted with the provisions and requirements of the law.

For that reason, it is necessary that an effort be made to try to acquaint everyone with the fact that there is such a law, and with some of its requirements. This is being done through the generous and whole-hearted cooperation of the press of the State of Mississippi, which has gladly donated space for this information which, it is hoped, will be welcomed by all present and future State income tax payers.

The Mississippi income tax law was first enacted on March 16, 1912. This early statute imposed a tax of 1% of 1% on the net income of every individual or corporation in excess of \$2,500.00. This law was repealed on April 1, 1924, and was replaced by a modernized statute, closely modeled after the Federal Income Tax Law then in force, which has been changed little since that time. Exemptions and rates have been changed by nine sessions of the Legislature since 1924. The other provisions of the statute are almost identical with those enacted twenty-four years ago.

The yield has varied greatly during this period. During 1932, our state income tax law yielded a total revenue of \$238,498.40. The high year was 1944, when the State collected in income taxes the sum of \$11,244,578.92.

Our Mississippi income tax law is administered by the Commissioner of Income Tax, who, by the provisions of the Statute, is the Chairman of the State Tax Commission. The Commissioner, in his effort to serve all taxpayers as expeditiously as possible, has created and placed in operation ten District Service offices. These offices are located in Clarksdale, Senatobia, Tupelo, Greenwood, Columbus, Jackson, Meridian, Brookhaven, Hattiesburg, and Gulfport.

Anyone who wishes information relative to the state income tax law, or who desires help in determining his income tax liability, if such exists, will receive such assistance or advice by writing, telephoning, or calling at any of these offices. Every effort is made to make the taxpaying process as pleasant as possible. The employees of the State Tax Commission fully realize that their task of assisting the taxpayer is much less onerous than that of paying the tax which may be due. They also realize that the taxpayer is their employer, and while they will give advice when requested, returns which they may prepare for any taxpayer are, in the final analysis, that taxpayer's return, and the taxpayer is responsible for the figures and the information appearing thereon.

This is the first of a series of short discussions concerning our Mississippi Income Tax Law. Successive discussions will relate to "Who Should File a Return?"; "What Constitutes Gross Income?"; discussions of the deductibility of certain items such as business expenses, taxes, interest, contributions, etc., and some of the principal differences between the State and Federal Income Tax Laws.

## MISSISSIPPI AND THE DEMOCRATIC PARTY

On January 20th Governor Fielding Wright in his inaugural address, raised the question of whether the South should continue to remain in the Democratic fold. The efforts of the party's national leaders should continue to be directed against those States constituting the "Solid South," in order to appease the negro and radical left-wing voters of other sections of the country. The implications of his statement were stronger than his direct statements.

While this action on the part of our fortnight Governor has stirred up considerable newspaper comment, and has been the subject of discussion to some extent behind doors of the inner-council of the high command of the Democratic Party, there is nothing new about the question raised by Governor Wright. The question of whether it is to the advantage of the South continue its policy of remaining in the party regardless of the party's policy toward that section, which has always been the bulwark of the party, has been raised many times before. For instance, ten years ago, and to be exact, January 31, 1938, when the House was considering the Anti-Lynch Bill, in the debate that ensued, I sounded the following warning to the members of that body:

"Do you not realize that an attempt has been made at this session of the Congress to drive a wedge into the solid Democratic South—that the seed of discord has been sown? Need I remind you that many of you representing so-called Northern States on this side of the aisle would not be here today had it not been for the fact that in season and out of season, in lean years as well as in good years, it has been the South who has nurtured and kept alive the Democratic Party? Never in the history of this country since immediately following the Civil War have our Republican brethren been as adamant or as nearly successful in thrusting one of these so-called force bills down the throats of your southern brethren who have been the benefactors of the party. Just how far this can be continued without a schism in our ranks or just how long our people will stand for this I cannot say."

But again let me call your attention to another salient fact. Suppose the sponsors of this legislation should be successful in order to appease this organized minority of colored voters by the enactment of this atrocious legislation. How long do you think it would be before they would be back to you asking for something else? What is the next step after this? Federal legislation abolishing the right of the States to hold primaries and thereby force the vote upon the Negro in the South? And then when in order to maintain office these or some other sponsors of similar legislation would no doubt be asking for a Federal statute making it mandatory upon all States to grant social equality and the right of intermarriage among the races. Is this what we have to expect? Do you want this? I warn you that you are playing with fire. No organized minority, regardless of race, is ever satisfied with the advances made in the matter of legislative enactment. There is always a demand for more and more.

Certainly in a time when the democracies of the world are being threatened this is no time for petty bickering and political gesticulations."

—The Red Cross Drive will begin March 1st. Would you help to make it a one day drive. If you will, write your check now, or set your money aside, at this time, and see that it reaches the Drive Headquarters not later than closing time on March 1st.

**Telephone Folks really did a job in '47**

In spite of the continued scarcity of materials and equipment and in the face of rising costs all along the line, Southern Bell went right ahead in 1947 improving and expanding your telephone service. It was a year of humming activity as telephone folks went all out to bring you better telephone service.

There's still a tremendous job to be done. More buildings and vast quantities of equipment are needed to further improve and expand the service. Only if telephone earnings are such as will attract the necessary new capital to pay for continued construction, can we look forward to further progress in meeting your telephone needs in '48.

## 1947

## ACHIEVEMENTS

2,411,000 More local calls handled each day—bringing the average daily total to 18,820,000.

More than 8 out of 10 long distance calls were completed while the customer held the line.

590,800 New telephones installed. 29,000 Telephones installed in rural areas.

Completion of \$125,000,000 of new construction to improve and expand telephone service.

# WHY GENERAL ELECTRIC PUT LOWERED PRICES AHEAD OF OTHER THINGS

General Electric lowered prices because we wanted to do our part to stop the present spiral of inflation.

General Electric lowered prices on electrical appliances in greatest demand—because that is where lowered prices on General Electric products will do the most good and have the greatest effect.

General Electric lowered prices regardless of the fact that G-E profits are not high—are not at present levels high enough.

We did this because we know that in the long run General Electric can prosper only as the people of this country prosper. We believe that producing more goods for more people at less cost is the soundest way of running a business. And we feel that inflation in this country has reached a dangerous level—for the wage earner, for the man with savings, and for industry alike.

## Do you know what inflation can do to you?

As money buys less and less; your savings lose their buying power. Life insurance policies dwindle in value. Money saved to take your wife to the hospital won't pay the bill when the time comes. Pay checks buy less and less. Retirement money won't pay for retirement.

This applies to the man who brings home a weekly pay check, to the man with a little savings in the bank or a life insurance policy, and to companies that have to build new plants and buy new machines to fill future needs and provide future jobs.

Inflation is a sinister thing. It steals up on a country and its economy in a gradually accelerating two-step of prices and wages—each trying to get one step ahead of the other—and there is no red line to show when the danger point has been reached.

Inflation is like a fire. Once it gets well under way, it can never be checked until everything is destroyed.

## Self-restraint by industries and individuals the best check

You as an individual can do most by buying less and saving more—thus avoiding bidding up the prices for scarce goods. Business and industry can do much by lowering prices whenever and wherever possible—voluntarily.

General Electric put lowered prices ahead of other things because we believe it is a step towards licking inflation.

We Must Destroy Inflation or It Will Destroy Us

## SPORTS

The weather has furnished more sports in the last two weeks than have the different competing teams in Bay St. Louis. The weather caused cancellation of several events that would have furnished fine entertainment.

### BAY HIGH

Probably the highlight of the week was the House of David professional basketball team against the Perkins Junior College Quintet. Played before a sell out crowd of approximately 1200 fans in Bay High gym, the Pros really put on a show in defeating the college boys. The House of David team has been booked again for next year.

The Bay High Ringers took a lacing at the hands of Biloxi last week, losing 10-2. The locals made a good showing in all bouts, but were not quite equal to the occasion.

The basketballers split a double header with Kiln—the girls winning

34-30 and the Tiger boys losing 30-19. The juniors also split with Pass Christian, boys losing and the girls winning. The Juniors meet Waveland in Bay High gym Friday afternoon at 3:30.

The Varsity meets Orange Grove here on February 3 in a double header.

### ST. STANISLAUS

The opening of the Rock boxing season was postponed last week because of the weather. The local ringers were scheduled to meet G. C. M. A. there, but an outdoor ring in freezing weather caused the postponement. Their next bout will be in the Rockchaw gym against Biloxi on February 5.

The basketball game with O. L. V. of Pascagoula was cancelled because of the weather, but last Tuesday night the local boys and the S. J. A. girls went up against Picayune in a triple header. Picayune carried off the laurels for all three games. The next home games are with Notre Dame on February 7.

As a preliminary to the House of David vs. Perkins game, the Rhodes Independents of Bay St. Louis met the Jordans of Gulfport. The previously undefeated Rhodes team lost this one by a score of 43-31.

Word has just been received that the County and Regional Basketball Tournaments will be held in Bay High gym on February 20-21 and February 26, 27 and 28 respectively. This gives local fans an opportunity to see the best in Gulf Coast basketball.

### PICAYUNE TO HAVE INDEPENDENT BASKETBALL TOURNAMENT

Picayune (Special)—Plans were underway this week for the annual Gulf Coast Independent Basketball Tournament to be held here on February 19, 20, 21.

This tournament is held on the local YMCA court each season, and is sponsored by that organization. Any independent team in this area may enter this meet by securing official blanks from Calvin Triplett at the Picayune YMCA.

—The people of Hancock County met every quota for the raising of funds for the war work and its kindred organizations—this is a record to be proud of. Let's establish another record for the County in 1948 by putting the drive over in one day.

SUNDAY - MONDAY  
"BRUTE FORCE"

Starring Bert Lancaster,  
Yvonne De Carlo, Ann  
Blyth, Ella Raines

This unusual picture previewed at the Academy Award Theatre was rated by the reviewers as excellent. The cast reigns supreme in every respective part which they play. Hume Cronyn plays effectively the psychopathic prison officer, plotting to unseat the warden and rising willing or unwilling stool pigeons to gain his own ends.

Lancaster grimly portrays a convict leader whom fellow inmates, desperate for escape obey disastrously in a melodramatic prison break.

Producer Mark Hellinger supplies here another examination of criminals and what makes them tick, concentrating this time on convicts within a penitentiary, dominated by an administrative policy of brute force which collides with man's insatiable thirst for freedom.

Throughout the powerful and mighty story mixes the lines and loves of Yvonne De Carlo, Ella Raines and Ann Blyth.

## To Interview Applicants For Marine Corps On Friday, January 23.

Jackson, Miss., Jan. 17—Marine Staff Sgt. Pete A. Crill will be in Bay St. Louis on Friday, January 23, for the purpose of interviewing applicants for the Marine Corps and the Marine Corps Reserve.

Sergeant Crill will set up temporary recruiting headquarters in the Post Office Building and the office will remain open from 8 a. m. until 4:30 p. m.

The Sergeant pointed out a few facts about the Reserve program: (1) Former veterans enrolling may hold their previous rank, and in the event of future active duty will be entitled to additional pay for each three years of participation in the Reserve Program. (2) There is no demand on member's time, no drills to attend and reservists may go ahead with their jobs or schooling. (3) Members are eligible to take correspondence courses from the Marine Corps Schools, to prepare themselves for promotion. (4) Reservists may attend summer training camps or active duty at their own request. (5) A Reservist cannot be called to active duty except in cases of war or national emergency and cannot be discharged during these times, but he can be discharged at his own request in times of peace.

All Citizen-Marines are issued an official gold insignia which is patterned after the famous eagle, anchor and globe of the Marine Corps, to be worn in the lapel of civilian clothes. Sergeant Crill further stated, that vacancies still exist in the Volunteer Marine Corps Reserve, and he invites all interested young men to drop into his office and get complete details.

—The Red Cross Drive will begin March 1st. Would you help to make it a one day drive. If you will, write your check now, or set your money aside, at this time, and see that it reaches the Drive Headquarters not later than closing time on March 1st.

## PTA To Present Executive Secretary, Social Hygiene Association At Bay High February 11-12-13

S. T. Robbins, Executive Secretary of Mississippi Social Hygiene Association, will be in Bay St. Louis on February 11, 12 and 13 and will address all interested parents and other citizens on those dates.

Mr. Robbins' subject on February 11 will be on the Need of Education

for Responsible Parenthood, Black-Board discussion of emotional development of the human being.

An effort is made to acquaint parents with phases of emotional growth so that they may better understand and guide their children.

On February 12 the session will include sections on From Boy to Man, from Girl to Womanhood and Questions Children Ask. The purpose of this section is to equip parents with adequate vocabulary and purposeful information in order to satisfy the interests and curiosity of their children.

On February 12 Mr. Robbins will discuss Adolescence which he defines as "An age of excessive changes, idealism, rebellion and boy-girl relationship."

Mr. Robbins is being brought to the Bay through the efforts of the local P. T. A. and the organization wants you, the public, to know that these sessions are open to all adults, parents or otherwise, who are interested in learning the art of guidance for youth, who want to receive "Education for Responsible Parenthood."

All sessions will be held at Bay High but the time has not been decided.

Christ Episcopal Church was represented at the meeting of the Womans Auxiliary of the Episcopal Diocese of Mississippi by Mesdames N. L. Carter, E. N. Spence, George Leitner, E. P. Kirkpatrick, John Bell, Walter Dupaquier and H. B. Weston. The meeting was held in Laurel on Tuesday, Wednesday and Thursday, January 27, 28 and 29.

## Funeral Services For Mrs. Sylvest Favre Held Thursday

Funeral services were held here on Saturday morning at 10 o'clock for Mrs. Alice Virginia Kreggor Favre, wife of Sylvest Favre of the Edwardsville community who died at the Kings Daughters Hospital on Thursday, January 22, following an illness of very short duration. The funeral was held from the Fahey Funeral Parlor with the rites of the Catholic Church, the Rev. Father Bryan officiating at the home, Our Lady of the Gulf Catholic Church and at Cedar Rest Cemetery.

Mrs. Favre was a native of New Orleans but had made her home in Edwardsville since her marriage. She was a member of the Catholic church and was a fine helpmate to her husband and a splendid mother to her children. The great wealth of floral offerings gave expression of her many friends.

Surviving here are her husband, four daughters, Mrs. Beatrice Tanguis, of New Orleans, Misses Marion,

## Napoleon Home Demonstration Club Meets

The Napoleon Home Demonstration Club met at the home of Mrs. Adolph Shubert on Tuesday, January 20th, with a very good attendance.

The following officers of the club were elected: President, Mrs. Earl Ireland; Vice President, Mrs. George W. Smith; Secretary-Treasurer Mrs. Cruso Smith; Garden Leader Mrs. Alphonse Smith.

The club extends an invitation to all who are interested in Home Demonstration Work to attend their meetings.

The people of Hancock County met every quota for the raising of funds for the war work and its kindred organizations—this is a record to be proud of. Let's establish another record for the County in 1948 by putting the drive over in one day.

## Delta Sigma Chi Sorority Has Anniversary Formal

The Delta Sigma Chi Sorority of Bay St. Louis entertained at an Anniversary Formal on Saturday evening at the Knights of Columbus Hall, on the occasion of their fourth birthday. The membership of the sorority is composed of twenty-five teen age girls. These girls, their dates and stags were in attendance. The hall was attractively decorated in purple and white the club colors with streamers festooned from the ceiling and throughout the hall were posters picturing the Ballerine girls in keeping with the theme of the sorority.

The program committee had prepared a program of entertainment which was well executed. The first number was a vocal solo "Deep Purple" by Rita Mae Scaffide accompanied on the piano by Gaynel Gex.

Clyde Creighton did a novelty number "The Rocking Horse Ran Away"; Noelle Dick, chosen as the Ballerino Girl of the sorority favored with a Ballet Dance; Margalo Damborino, Doris Arnold, Rita Mae Scaffide and Mary Lou Scaffide sang "Ballerino Girls" accompanied on the piano by Gay Gex, as a closing number on the program.

When refreshment time came Thelma Namias, president and Gay Curet, vice president cut the birthday cake with great ceremony.

Others attending were the sponsor, Mrs. Edmund F. Fahey, Jr., who was presented with a corsage of orchids; the parents of the girls and the Brothers of St. Stanislaus.

### Howard LeTissier's Father Dies at Bath, Ills., 93 Years Of Age

Relatives were informed of the death of William LeTissier on Wednesday, January 8, at his home in Bath, Illinois. Mr. LeTissier was the father of H. W. LeTissier of this city who left last week for Bath, because of his father's illness.

Mr. LeTissier would have been 93 years of age next month and was the last of his immediate family. He was a native of the Isle of Guernsey, England.

Surviving him besides Mr. LeTissier are two daughters, Mrs. Bertha Breeding and Mrs. Belle Eggleston and a son Homer LeTissier all of Bath, Ills.

Six grandchildren and five great grandchildren survive. Mrs. Frank Cooper of this city is his granddaughter.

### C. A. Breath, Jr. Named On City School Board

The Commission Council of the City of Bay St. Louis at its January 1948 meeting, named Charles A. Breath, Jr., as a member of the Board of Trustees of the City Schools.

Mr. Breath was named to succeed Dr. J. A. Evans, who retired after serving 20 years as a member of the Board.

### Lamier-Martinovich Nuptials

Mr. and Mrs. A. K. Martinovich announce the marriage of their daughter Myrtle M. C. Lamier, son of Mr. and Mrs. A. C. Lamier of Detroit, Michigan. Attendants were Miss Charlene Martinovich and Andrew K. Martinovich, Jr. The ceremony was solemnized on January 22 at Our Lady of the Gulf Catholic church at a nuptial Mass. The Rev. E. P. Desmond was the celebrant.

Mr. and Mrs. Robert Walker and the former's sister, Mrs. L. R. Spangenberg of New Orleans were guests here over the week end of Mr. and Mrs. Donald Cole at their home on North Beach. Mr. Walker is the owner of the Pass Christian Isles and he and Mrs. Walker will spend the summer here.

Misses Doris Carrio, Joan Elliott and Pte. Harry Buell attended the wedding to Miss Janet Oliver to Mr. Walter James Harrison at St. John's Catholic Church in Gulfport, Sunday, January 18th. Mrs. Harrison is a graduate of Class '47, St. Joseph Academy in Bay St. Louis.

A most enjoyable joint birthday celebration was given Mrs. R. N. Blaize and Mrs. Harry Glover, Sr. Both ladies received attractive and useful gifts. Bridge was the form of entertainment, and a plate lunch was served during the afternoon. The co-hostesses were Mrs. A. Rauxet, Sr., Miss V. Gex and Mrs. L. S. Elliott.

A small group of friends met at the home of Miss V. Gex on Friday, enjoying a luncheon-bridge honoring Mrs. August Rauxet, Sr., on the occasion of her birthday. Mrs. Rauxet was the recipient of some useful and attractive gifts. Those attending were Mesdames Harry Glover, Sr., R. N. Blaize, L. S. Elliott and the honoree.

### CARD OF THANKS

We take this means of expressing our sincere thanks and appreciation to all who assisted us in any way during the illness and death of our beloved wife and mother, Mrs. Sylvester Favre. Special thanks to Mr. Alvin Weinberg, Mr. C. C. McDonald and Mr. John McDonald, Mr. and Mrs. Charles Pershell, and many others and also for the many floral offerings.

Sincerely,  
Sylvester Favre and Family.

### Noted Lecturer and Writer To Be Presented By Sodalists

Arrangements have been completed by the Sodalists of St. Stanislaus and St. Joseph Academy, to present Mr. John M. Haffert, noted lecturer and writer, in Bay St. Louis on February 13th.

Mr. Haffert is the author of four books—three of them best-sellers. Mr. Haffert recently returned from Europe where he studied Communism, interviewed the only living one of the three visionaries of Fatima, and was received in private audience by His Holiness, Pope Pius XII, before returning to the United States.

In August, 1946, Mr. Haffert was the special guest of the Bishop of Fatima, Portugal, and knelt beside the Bishop before over two hundred thousand pilgrims in the great amphitheatre of Fatima. Afterwards he walked in the "blessing of the sick" beside the Blessed Sacrament, taking pictures. Among these pictures, which will be shown after his lecture is a miraculous cure.

For the past few years the Catholic Press has often referred to him as "The Lay Monsignor Shoen," because of his eloquence. In deed, Monsignor Shoen himself referred to Mr. Haffert as "one of Our Lady's greatest Apostles."

Besides being author of several books, he is editor of the national Catholic magazine, THE SCAPULAR, which has over a hundred thousand readers. His most acclaimed lecture is the one which he will deliver here, based on current events, the Promise of Our Lady of Fatima, and his recent colloquies with Sister Lucia, the only living visionary of Fatima. As Mr. Haffert recently said, "I do not like to talk of it as a lecture; to me it is an experience during which the world stands still for an hour, and then I pray that it begins again in a new way for all who have lived it with me."

### RED CROSS NOTES

As a part of the Red Cross Community Service to Camps and Hospitals the Bay Waveland Garden Club entertained about 18 veterans of the Gulfport Veterans Hospital, Wednesday afternoon at the Methodist Sunday School rooms.

The boys enjoyed playing games and joining in general singing. Delicious refreshments were served.

The committee of ladies in charge were Mesdames N. Erwin, S. J. Mauffray, D. T. Ryce, P. J. Truett, F. R. Curran and A. O. Drescher. The veterans were accompanied by Mrs. Sayels and Mrs. Strong.

Brother Edmund of St. Stanislaus was operated on at Mercy Hospital on Tuesday. His condition is reported good.

Friends of the Library Group are reminded that Wednesday, February 4 is the date on which Harnet T. Kane will review his book, "Natchez on the Mississippi." Time is 3 p. m. and the place is the Episcopal Parish House. Don't miss it.

Friends of the Library Group are reminded that Wednesday, February 4 is the date on which Harnet T. Kane will review his book "Natchez on the Mississippi." Time is 3 p. m. and the place is the Episcopal Parish House. Don't miss it.

Mr. and Mrs. D. M. Russell who purchased the former Allison property on North Beach are having the house renovated and improving the grounds. The old Indian mound is to remain intact as it is one of the many attractions of the place.

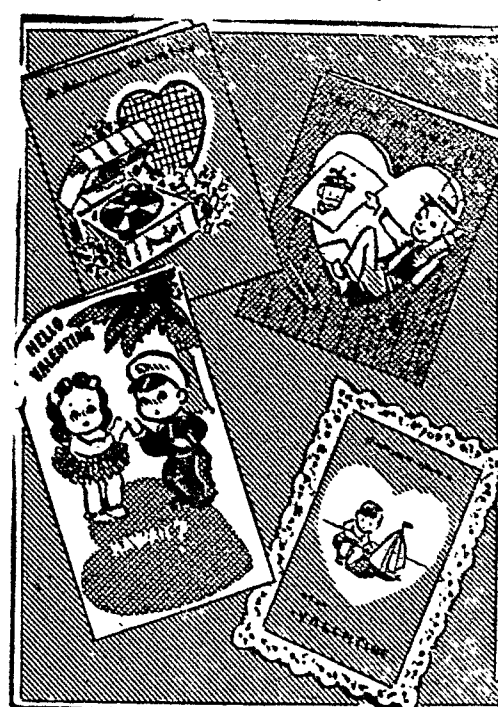

Misses Alice and Elsie Spurl have returned to New Orleans after spending a few days here at their summer home. They came incidentally to see if any damage had been done to their property during the recent freeze.

In appreciation of the work of the American Red Cross the people of Hancock County should make a spontaneous response and put the 1948 drive over in one day. You can do this by not waiting for a solicitor—see that your money reaches drive headquarters before closing time on March 1st.
